

Lifting Rope Installation

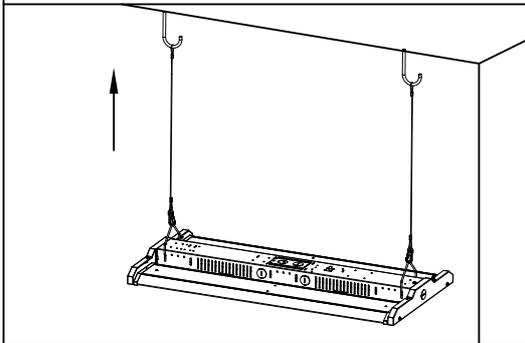

1. The hanging rope is shown below.

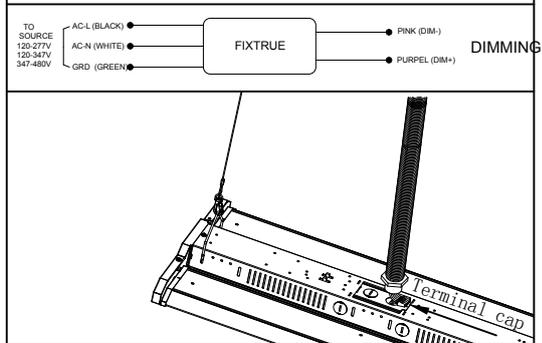

2. Insert the hook into the slotted holes, as shown below.

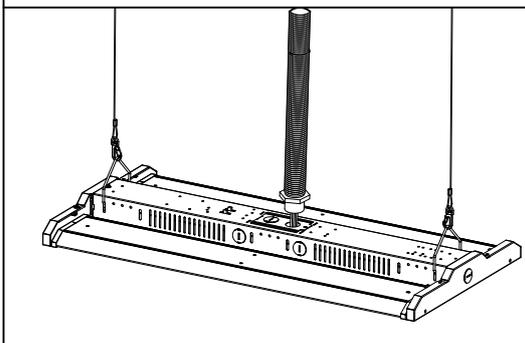

3. Hook the other end of Lifting rope to the ceiling anchor.

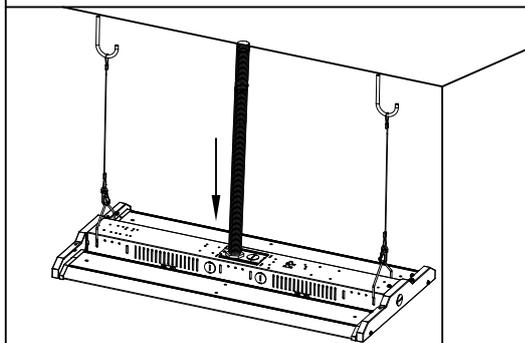

4. Turn off power, and make wiring connections with terminal cap (see wiring instruction below).

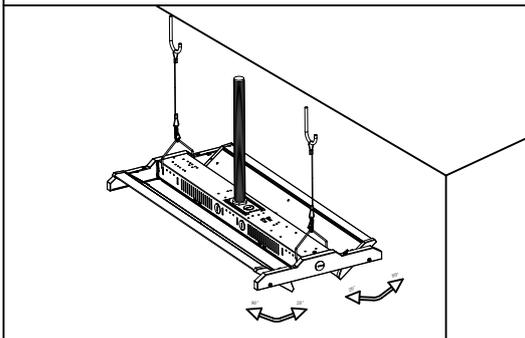

5. Insert the terminal cap and wires into the driver box.

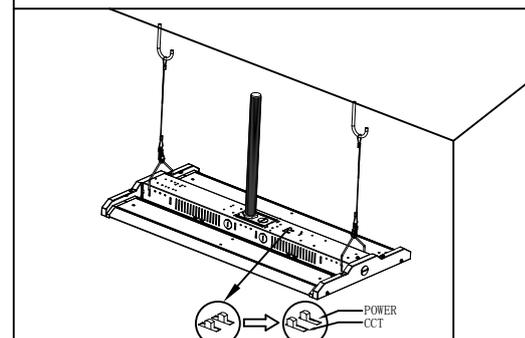

6. Insert the wire terminal joint to the wire entry. Installation completed.

7. Adjust the fixture lighting angle to the direction needed (Shown as below fig).

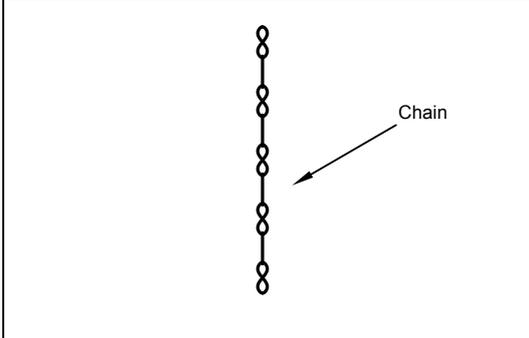

8. CCT/Power Changing.

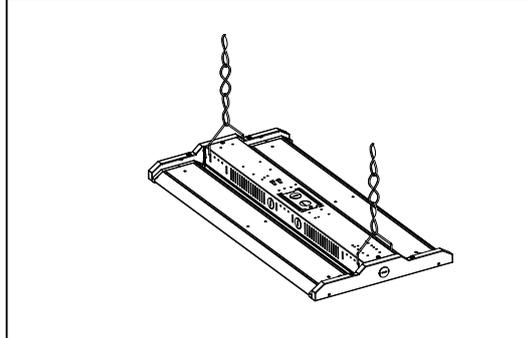

Chain Installation

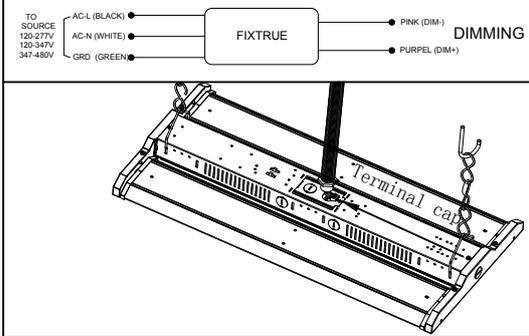

1. Hook the chain as below pic.

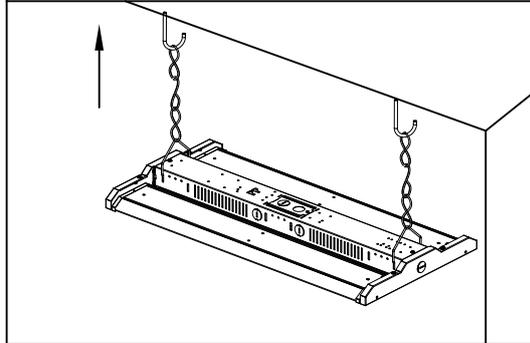

2. Insert the hook into the slotted holes, as shown below.

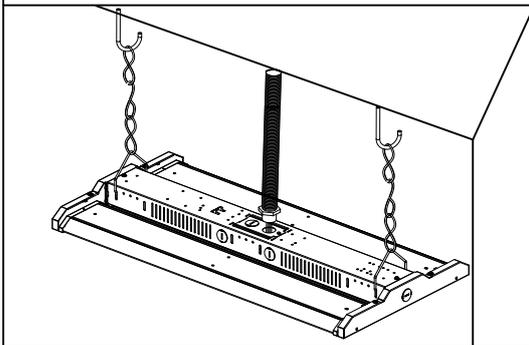

4. Turn off power, and make wiring connections with terminal cap (see wiring instruction below).

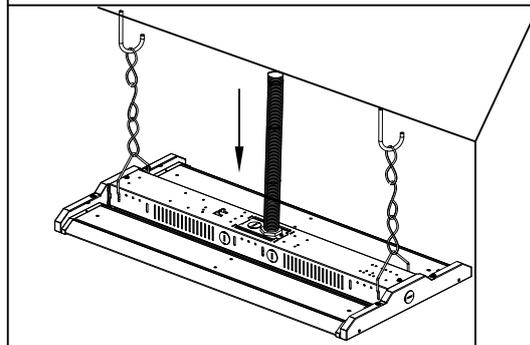

3. Hook up the chain on the ceiling anchor.

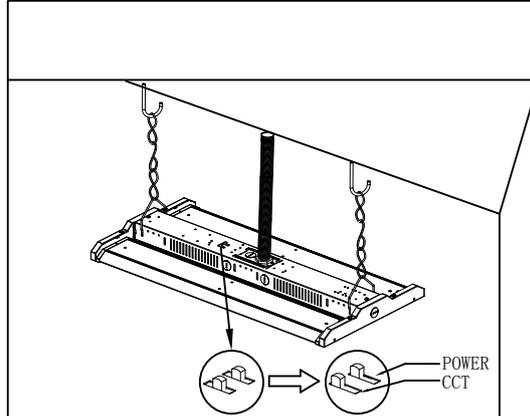

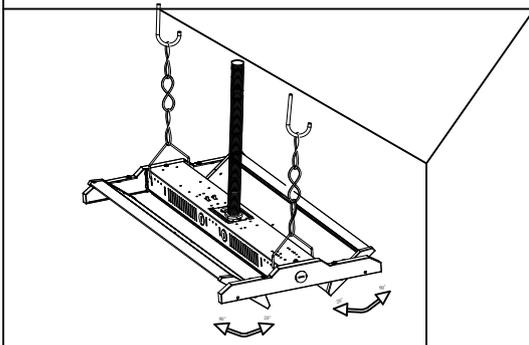

5. Insert the terminal cap and wires into the driver box.

6. Insert the wire terminal joint to the wire entry. Installation completed.

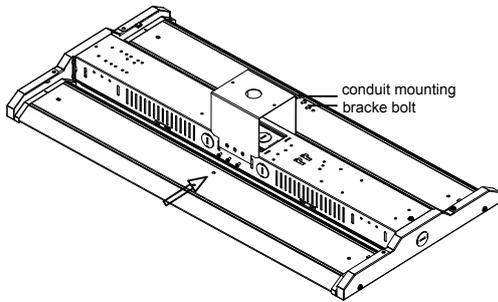

7. Adjust the fixture lighting angle to the direction needed (Shown as below fig).

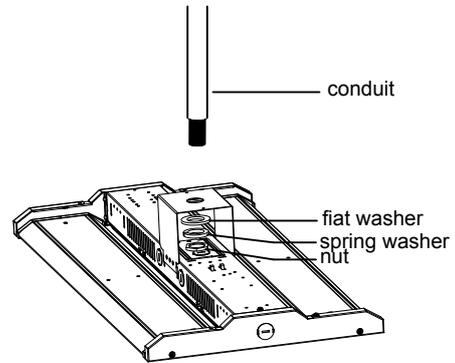

Pole Mounting Installation Instruction

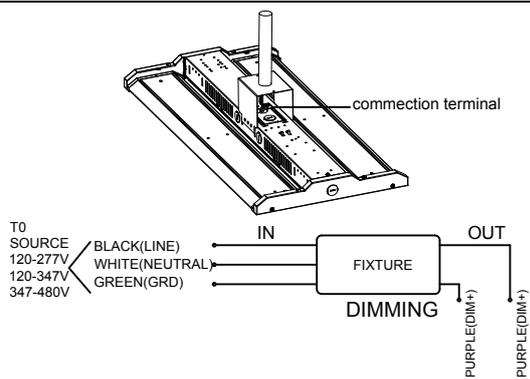

1. Screw the conduit mounting bracket to the fixture.

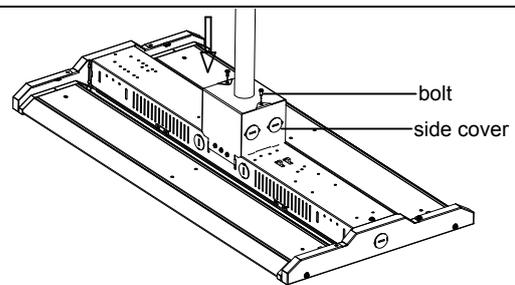

2. Lock the conduit with flat washer+ spring washer+ nut on the mounting bracket.

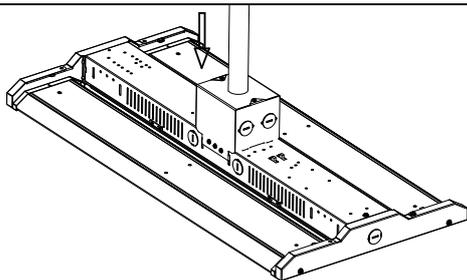

3. Wiring according to the circuit diagram.

4. Screw the side covers to conduit mounting bracket.

5. Pole Mounting installed.

6. CCT/Power Changing.
